

CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

A Message from the Menahel

Ruchinus is a reality!

In פרשת תזריע we learn about a special phenomena, where Klal Yisroel was able to witness the reality of their spiritual decisions in a physical way.

With a נגע of the צרעת, the spiritual damage caused by words of לשון הרע were physically illustrated.

Recognizing the reality of our spiritual decisions is a large part of correcting our mistakes.

As part of his corrective process, a מצורע needed to call out to those around him that he is טמא.

חז"ל tell us that this is in order for the מצורע to beseech those around him to daven for his צרעת to be healed.

Their tefilos would undoubtedly help his situation.

And even more, his reinforcement that words form a reality is the lesson needed to be learned.

Happenings Around the Cheder

3rd grade did an amazing job with their gedolim fair. Thank you, Miss Szpilzinger!

Great Work!

It was cool. It got colder and darker, it was like seeing a gold waxing crescent. We had to wear glasses so it doesn't hurt our eyes.

Noach mathias

A Solar Eclipse is when the moon blocks the sun. When that happens sometimes everything gets dark. It is very dangerous if you look at it without wearing glasses. The glasses are very helpful when you look at the sun.

Noach and Azriel wrote reflective quick-writes after seeing the eclipse!

Points from the Principal

Reading about, UV ray stickers, making models, Shiurim, science demonstrations and more... We prepped, saw and reflected! WOW! Monday's eclipse was extraordinary!

Together we witnessed a solar eclipse with understanding and perspective. We knew what an eclipse was and what we should think about while watching it.

Thank you boys for such a smooth and safe day, and thank you Morahs for making the whole unit such a full and enjoyable one!

Have a great Shabbos!
