

The Preschool Pecklach

Dear Early Childhood Parents, בסי"ד

The weeks are flying by as Winter turns to Spring and our calendars are turning to the month of Adar Beis!! Purim is in the air and each Morah brings a special ta'am to their class when teaching about Purim. In the Toddler class this week, the kids were face painted like clowns for the day! The Nursery has an entire Shushan scene (their height!) with movable characters from the megillah! I've personally witnessed them in this center already acting out the story of Megillas Esther. The Kindergarteners are working on their Megillahs and costumes and acting out the story in Shushan Habirah (located in the MPR). It's all very experiential and very age appropriate. There's always time for Parshas Hashavua and it seems that all the preschoolers spent some time learning about the avoda in the Mishkan and how it relates to Shabbos and Melacha that's assur on Shabbos. Our kids are like sponges soaking up our precious Torah. So many beautiful works of art are coming your way! Enjoy the nachas!

Have a great Shabbos & a Gutten Chodesh-Morah *Basya Malka Levit*
