

# The Preschool Peckelach

Dear EC Parents,

בס"ד

What a truly incredible year it has been! With Hashem's help, we've seen so much growth in each and every child. With *siyata d'shmaya* we've celebrated Shabbos, Rosh Chodesh, Yomim Tovim, Siyums, birthdays, births and so much more! Watching and being involved in each class' achievements and devotion to learning and playing each day fills me with such *sipuk!* I have been blessed to work with an incredibly devoted team of warm and talented Moros- who truly make every day unique, challenging and fun for the kinderlach! I personally have tremendous *hakaras hatov* to the families of our precious kinderlach. Your concern, sensitivity and willingness to partner together, makes true success attainable! The Nursery and Toddler classes ended the year with a beautiful performance and party. The excitement was palpable. Kindergarten's Alef Beis Experience/ graduation was truly a phenomenal production! Truly beyond words! May all the children's learning always be as precious, as genuine and as exciting as it is now!! Please feel free to be in touch with me with any updates, news or questions. I would love to hear from you.

Wishing everyone a safe and healthy summer!

*Morah Basya Malka Levit*

# Toddlers

The Mommies in the Toddler class were able to sit around their kids and be a part of their daily davening and "meeting time." What a special peek into their days at school!

# Nursery

The Nursery class really impressed their Mommies (and some Bubbie's too!) with their trip around the year. Every Yomtov had a special song (and motions!) and they ended with a Har Sinai song; just in time for Shavuot! The t-shirts were made by the kinderlach in honor of such a special day!

# Kindergarten Graduation!

*The Kindergarten's Alef Beis Experience was certainly a smashing success! From Alef through Taf, each talmid/a performed their speaking lines and songs so beautifully! Their pride in their accomplishments was evident in their faces! May their knowledge grow and grow and יי"ח they should use it for tefillah and limud haTorah - as true Ovdei Hashem!!*
