A Message from the Menahel

Self growth is powerful, especially when done as a unified group!

We began a powerful 4 week initiative of self and collective improvement in areas of **בין אדם לחבירו** for grades 3rd-8th.

On Sunday, our oldest six grades began the “Kamocho” Program - a program which is designed to empower talmidim to genuinely work on themselves with week long class goals that are decided by the talmidim themselves.

On Monday grades Pre1a-2nd enjoyed an assembly that focused on “Keeping what is most important, most important!” even during competitive games and recess.

This in addition to our exciting preparations for the upcoming “Helping Hands” annual Lower Elementary General Studies fair.

The aliya in middos is simply invigorating, and to top it all off... recess is so much more geshmak this way!

Points from the Principal

Everyone is so busy getting ready for the Helping HANDS fair! The boys are researching, writing, interviewing, planting, messing up during games, brushing their teeth and more!

The beautiful thing about all the hard work being done is that throughout it all, the boys are Being Helpful. The boys are noticing and caring about each other, and acting as one.
