

A PEEK INTO OUR WEEK

A MESSAGE FROM MORAH TEITZ

This week we celebrated ל"ג בעומר. During ספירת העומר we mourn the 24,000 talmidim of Rabbi Akiva.

On ל"ג בעומר we celebrate the renewal and rebirth of a new set of talmidim for Rabbi Akiva. Rabbi Akiva could have given up and lost hope after the loss of his talmidim. Instead, he picked himself up and started again. He persevered and began anew.

A timely, relevant message can be learned. When yesterday's opportunities were not accomplished, look ahead at the new chances that await you today!
