

# CHEDER CHESHEK

*Your peek at how Chinuch and Cheshek go hand in hand*

## *A Message from the Menahel*

It takes a lot to know oneself.

There are so many confusing influences outside of ourselves that it can become hard to recognize who we really are.

For children, this is even more difficult.

Parents and Mechanchim are charged with identifying who a child really is.

Once they know the child, they in turn must help the child recognize himself on his own.

Rav Yeruchom Levovitz זצ"ל taught that this self awareness is fundamental when serving Hashem.

Rav Yeruchom explains that self awareness and pride in oneself was the reason and lesson of the דגלים - the unique flags of each Shevet.

Once we know ourselves we can be ourselves, and serve Hashem not as someone else, but as oneself.
